## VSI - SECURE THE SILVER

### Modular

The Sterling Series safe deposit boxes incorporate the most desired features in today's marketplace. Continued growth and expansion requires financial concerns to be ready to move, expand, consolidate, provide mini offices, and change operations overnight. The system's modularity makes the most use of vault space with configurations to meet your needs.

### Secure Construction

The casing is  $\frac{1}{4}$ " aluminum nosing surrounding entire nest with galvanized steel outside housing.

### Doors

Door are stainless steel clad cast composite, with a stainless steel inlaid face surrounded by a  $\frac{1}{8}$ " reveal. These doors provide flexibility to withstand today's lock pulling technology.

### Bond Boxes

Heavy duty, metal construction. Top opening  $\frac{3}{4}$  length lid with hasp fastener.

### Hinge System

The Sterling Series features aircraft aluminum Safe-T hinges which are self aligning to ensure a solid fit for each door.

### Locks

The Sterling Series features nickel plated lock nose, UL listed 5400 style locks. Also available in optional self service single locks.

### Numbering System

The Sterling Series features flush inlaid number plates with white numbers in a black field or black numbers on a gold field.

### Installation

The Sterling Series is available for immediate delivery. Standard size, self aligning construction, and self aligning hinges allow for quick installation; instant cash flow and customer retention.

### Incorporating the most desired features
